# ANTONIOS

Antonio's is a takeaway only Italian restaurant, driven by a real passion for real Italian food. Simplicity, skill and quality of ingredients are combined to make authentic, delicious and restaurant quality Italian dishes to be delivered straight to your home.

Everything is made on site, from our hand stretched dough to our home made tomato sauce used in our pizzas and pastas. Our ingredients are locally sourced from independent butchers and vendors where possible, otherwise, like our salami or mozzarella cheese, they are imported.

Our own standards are extremely high, and nothing leaves our kitchen that we aren't 100% happy with and we're proud to say that our customer reviews reflect this. We very much look forward to hearing from you soon.

Antonio's are committed to minimising our impact on the environment and reducing our carbon footprint. All of our packaging can be either reused or recycled and we ask you to please do so in line with local authorities waste regulatios to help us achieve our goal of protecting our home.

*Regular deals are now available to view online at*

### Allergy Advice

#### Key

Vegetarian

Vegan

Gluten Free

\*Gluten Free on request

#### PLEASE NOTE

A gluten free fryer will be used when requested for all fried sied dishes. Gluten free bases are bought in and stored sealed and seperate. For all gluten free requests - The surrounding kitchen uses gluten containing flour extensively and therefore it is impossible to guarantee gluten content of less than 20ppm. We therefore ask you to use your own disccression based on the severity of oyur intolerance when ordering from us.

Allergens used in our kitchen include egg, gluten, milk, seafood, celery, sulphites, mustard, soya and sesame. These may change depending on specials. Please inform a member of staff if you have any allergies. Whilst we have strict standards of practise, it is not possible to guarantee against cross contamination.
