Antonio's is a takeaway only Italian restaurant, driven by a real passion for real Italian food. Simplicity, skill and quality of ingredients are combined to make authentic, delicious and restaurant quality Italian dishes to be delivered straight to your home.	
Every thing is made on site, from our hand stretched dough to our home made tomato sauce used in our pizzas and pastas. Our ingredients are locally sourced from independent butchers and vendors where possible, otherwise, like our salami or mozzarella cheese, they are imported.	
Our own standard are extremely high, and nothing leaves our kitchen that we aren't 100% happy with and we're proud to say that our customer reviews reflect this. We very much look forward to hearing from you soon.	
Antonio's are committed to minimising our impact on the environment and reducing our carbon footprint. All of our packaging can be either reused or recycled and we ask you to please do so in line with local authorities waste regulations to help us achieve our goal of protecting our home.
